WHO Global Network of Age-Friendly Cities and Communities

30 January 2015

Dear Sir/Madam,

**Applying for Joining the WHO Global Network of
Age-Friendly Cities and Communities**

As the Chairman of Sai Kung District Council in Hong Kong, I am writing to express our interest in joining the WHO Global Network of Age-Friendly Cities and Communities.

Sai Kung of the Hong Kong Special Administrative Region, China, is one of the pioneer districts promoting Age-friendly Hong Kong since 2008. With a view to developing the district into an age-friendly community, the Sai Kung District Council will continue to serve as a bridge between government, community stakeholders and the public. Older people will also be involved in the process so that their views on the enhancement of community environment, facilities, etc. could be heard and considered.

I look forward to your reply. Should further information be required, please feel free to contact Miss Catherine CHAN (Email: catherine_sw_chan@had.gov.hk).

Yours faithfully,

NG Sze-fuk, George, GBS, JP
Chairman of Sai Kung District Council
