Political commitment to join the Global network for Age-friendly Cities and Communities:

Levanger municipality values health, quality of life and personal growth across the life-span as a main value for societal development. Thus, joining networks that support our work will empower us to constantly do more and do better in the process of becoming a more sustainable, healthy community for all. In particular, we need to improve efforts directed to the aging population.

Levanger municipality hereby declares our ambition to participate and contribute in the Global Network of Age-friendly Cities and Communities.
