3. 100-year Health: Community Support and Health
4. 100-year Culture: Social participation of seniors, Respect for seniors and social integration

IV. Project Budget by Area(2020~2024)

<Appendix> Summary of the Age-friendly Degree Survey

**I . Overview of the Establishment of the 2nd
Basic Plan for Age–Friendly City**

Overview of the Establishment of the 2nd Basic Plan for Age-Friendly City

1. Background of Establishment of the Basic Plan

- The basic plan for the second age-friendly city in Dong-gu District, Gwangju Metropolitan City, is necessary and purposeful in order to establish a strategy for creating an age-friendly city and maintain its membership in the GNAFCC for the age-friendly city.

2. Process of Establishment of the Basic Plan

- Survey on age-friendly degree in Dong-gu (1,000 people aged 65 or more): 5. 20. ~ 6. 14. 2019
- Evaluation of the 1st basic plan for age-friendly city: 5 ~ 6. 2019
- 1st committee (intermediate reporting conference): 6. 27. 2019
- 1st meeting of public-private experts TF Team: 8. 27. 2019
- 2nd meeting of public-private experts TF Team: 9. 26. 2019
- 3rd meeting of public-private experts TF Team: 11. 28. 2019
- 2nd committee (final reporting conference): 12. 19. 2019

3. Principle of Establishment of the Basic Plan

- By stipulating basic matters for the efficient promotion of welfare policies for the elderly in Dong-gu District, Gwangju Metropolitan City, the purpose was to contribute to the promotion of welfare for the elderly and to the realization of an age-friendly city.
- Comprehensive yet detailed projects for the formation of age-friendly city were selected, including contents in the ordinance on the formation

of age-friendly city in Dong-gu.

- The projects were considered to be carried out on a continuous basis while establishing the 2nd basic plan for the age-friendly city through reviewing the 1st projects

- Systematic effectiveness was considered for the 5-year projects selected in relation to the development of the age-friendly city in Dong-gu.

- Dong-gu selected not a project that has the senior welfare characteristics for only the elderly, but a project for establishing an age-friendly city where all generations of Dong-gu are integrated and want to live for life.

- In order to develop Dong-gu into an age-friendly city, cooperative implementation among departments on projects is necessary. Therefore, through the cooperation and common efforts between the departments concerned of the Dong-gu District, the projects for continuously improving the age-friendly degree were selected.

4. Vision, Goals, and Strategies of the Basic Plan

■ Vision of age-friendly city

- Related to the WHO's proposal for the establishment of the 8 major areas, the vision of the 2nd age-friendly city is, 「A town with a neighbor! Dong-gu, Gwangju, an age-friendly city!」

■ Goals for the implementation of age-friendly city

- The goals to embody the vision of an age-friendly city are "100-year relief," "100-year Vitality," "100-year Health" and "100-year Culture."
- According to the vision and goals of the age-friendly city, the

area is divided into 8 areas.

- **100-year relief**
 - Area 1: Outer spaces and buildings
 - Area 2: Housing
 - Area 3: Traffic
- **100-year Vitality**
 - Area 4: Communication and information
 - Area 5: Citizen participation and employment
- **100-year Health**
 - Area 6: Community Support and Health
- **100-year Culture**
 - Area 7: Social participation of seniors
 - Area 8: Respect for seniors and social integration

■ **Strategies for the implementation of age-friendly city**

Key Area	Strategy
Outer spaces and buildings	<ul style="list-style-type: none"> - Comfortable urban environment - Safe movement space - Safe life. - Consideration for the elderly

	Budget	1	1	1	1	1

2	Traffic
---	---------

<2-1. Extended pedestrian walk time for pedestrian safety>

■ **Goal** - Contributing to the guarantee of the right to walk and create an age-friendly city by securing time for traffic lights to help the elderly and other vulnerable people to cross the road safely

■ **Backgrounds**

- Need to allow walking time for safe crossing of pedestrians
 - Ensuring walking safety and preventing traffic accidents by reviewing and adjusting the walking time for pedestrians to cross safely

■ **Project overview**

- Review of crosswalk walk times
 - Content : Extended walking time through review of walking time
 - Extend walking time by adjusting the signal cycle through a review by the National Police Agency
- Survey of walking time for target sections
- Request to review the extension of walking time (Police Agency)

■ **Annual Promotion Plan**

unit: KRW 1 million

Category		2020	2021	2022	2023	2024
Extension of crosswalk walk time	Goal (number of crosswalks)	1	2	3	4	5
	Budget	1	1	1	1	1

<2-2. Strengthening traffic safety education for seniors>

- **Goal-** Preventing and reducing traffic accidents of seniors by educating seniors and senior drivers about traffic safety.

■ **Backgrounds**

- The number of traffic accident fatalities among seniors aged 65 and over is steadily increasing. Therefore, in order to reduce the number of senior traffic accident fatalities, continuous publicity and senior traffic safety education is needed.
- Currently, "road safety education to be visited" is aimed at, so a professional instructor of Road Traffic Authority visits senior-citizen center and senior citizen university and conducts safety education in the pedestrian aspect.

■ **Promotion Plan**

- Strengthening traffic safety education for seniors
- Education contents
 - Prevention of traffic accidents during senior walking
 - Analysis of the type and characteristics of senior pedestrians
 - Safe operation of senior drivers (cars, bicycles, farm machinery, etc.)
 - Traffic safety behavior know-how according to the change of body function

■ **Annual Promotion Plan**

<2-4. ‘Senior mark’ attachment of the traffic safety culture for the elderly>

- **Goal** - Creating a culture of driving that is caring, yielding, and happy and safe for all elderly drivers and ordinary drivers

■ Project overview

○ Due to the rapid aging of the population and the resulting surge in the number of elderly licensees, traffic accidents among older drivers are also becoming dangerous. Amid a recent series of accidents caused by elderly drivers, more and more elderly people are giving up driving on their own. It is necessary to establish an advanced transportation culture in which the culture of giving to older drivers is spreading by activating Silver Mark attachment.

○ Project basis

- Act on the Road Traffic
- Act on the Promotion of Transportation Convenience for the Disabled

○ Project details: Preferred distribution to drivers over 70 years of age living in Dong-gu

■ Annual Promotion Plan

unit: KRW 1 million

Category		2020	2021	2022	2023	2024
Number of Silver Mark distributions	Goal (number of distributions)	100	150	200	250	300

Age-friendly Degree Survey

■ Survey Objective

This survey is to analyze the evaluation of the indicators of age-friendly city construction areas(WHO: Age-friendly City 8 areas) proposed by WHO according to the cognition survey of the residents of Dong-gu and is to be used as basic data for joining the Global Network of Age-friendly Cities and Communities of WHO and establishing the implementation plan.

■ Survey Design : Survey Scope

1. Time Scope

- Date of Survey: May 20, 2019 to June 14, 2019

2. Regional Scope

- 13 Dongs in Dong-gu, Gwangju Metropolitan City

3. Subject Scope

- Subjects: 1,000 people over 65 years old in Dong-gu

■ Detailed evaluation of age-friendly degree of Dong-gu

1. Outer spaces and buildings

Contents of Evaluation	Points (Maximum 5-point)
1) The surrounding living environment (water, air, garbage disposal, etc.) is clean and pleasant.	3.82
2) There are parks and athletic facilities easily accessible at a short distance and they are well managed.	3.66
3) The walkway is flat, pedestrian space is secured and there are no obstacles, so it is easy to walk around.	3.75
4) There is non-slip on the sidewalk	3.54
