Subject: City of Culver City's Participation in AARP's Age Friendly Cities and Communities Initiative

Dear Ms. McPherson:

On behalf of the City of Culver City, we are excited about the opportunity to join with AARP California to become an Age-Friendly Community. Along with other communities throughout the United States, Culver City stands committed to promote policies and programs to help our cities become more responsive to aging populations.

Similar to other California cities, Culver City has a growing number of Baby Boomers. To respond to this fast growing population of people, Culver City welcomes the opportunity to partner with AARP.

Currently, the City has a vibrant Senior Center which serves many individuals throughout the region. The Center provides a variety of educational, recreational, and social services that meet the needs and interests of seniors, residents with disabilities, and all members of the general community. The numerous programs and services offered provide access to information and support, as well as opportunities for participation in activities that lead to personal growth, improved health, and life-enriching experiences. On a daily basis, many individuals participate in our Home Delivered and Congregate Meal programs; obtain referrals to Paratransit Services including the Culver City and Los Angeles County Taxi Coupon and Dial-A-Ride programs; and are active in our vibrant Volunteer Program.

Culver City looks forward to working with AARP to gain a better understanding about our community's needs, to strengthen our current programs and identify new opportunities to better serve our residents.

Sincerely,

Jeffrey Cooper
Mayor
