

## 4-4. Age-friendly City Strategy (Action Plan)

### 1) Vision and Goal

- In order to make Bucheon an age-friendly city, we set the vision, “Healthy and Lively City of Longevity, ACE Bucheon,” based on the top 8 areas of the WHO guidelines, Bucheon citizens’ opinions, and the age-friendly declaration.
- As the vision directs, we set the goals to achieve an age-friendly city such as setting the foundation for lively and healthy later years life, incorporation through social respect and care, and organizing a safe and comfortable housing environment.
- The 3 major goals of age-friendly city (ACE) are lively and healthy later years (Activity), community to live life-long (Community), and pleasant and safe environment (Eco-environment). The 8 areas of the age-friendly city are as follows:
  - Lively and Healthy Later Years (Activity)
    - Area 1: Volunteer services and jobs
    - Area 2: Community support and health
  - Community to Live Life-long (Community)
    - Area 3: Social participation
    - Area 4: Social respect and care
    - Area 5: Communication information
  - Pleasant and Safe Environment (Eco-environment)
    - Area 6: Outdoor space and buildings
    - Area 7: Transportation
    - Area 8: Housing

## 2) Age-friendly City Action Plan

- There are altogether 35 projects across the 3 major areas of lively and healthy later years, community to live life-long, and pleasant and safe environment, and the 8 areas:
