

'The city where every generation feels satisfaction'

Dobong-gu Age-Friendly City Action Plan

Mission:

This action plan, established by Dobong-gu, Seoul, Republic of Korea, aims at improving the quality of life of senior citizens and creating good urban environment to live for every generation as a member of the Global Network of Age-Friendly Cities and Communities (GNAFCC).

I Grounds

- **Dobong-gu Ordinance: Creating an Age-Friendly City (December 27, 2018)**
 - Article 6 (Establishing and Executing the Action Plan for Creating an Age-Friendly City)
- **Project Committed by Dobong-gu during the 7th Local Government Elected by Popular Vote**
 - Acquired the 9-40 Age-Friendly City Certification

II Background

- **Necessity of welfare policy for the aged in preparation for evolving demographic structure and social environment**
 - **As of December 2018, the elderly population aged 65 and older occupy 16.47% (55,926) of the total population in our district (339,413).**
- **Needs for customized elderly welfare services in accordance with a variety of wants and rise in demand**
- **Realization of the Age-Friendly City project by expanding public infrastructure aimed at welfare for the aged**
- **Worldwide spread of the GNAFCC on a coordinated response to our rapidly aging society**

III Statistics

● Population (as of December 2018)

Classification	Population			
	Total	0-19	20-64	65+

- Applied for membership in the GNAFCC on November 03, 2018
- **Joined the GNAFCC on December 14, 2018**
- Promulgated the Dobong-gu Ordinance: Creating an Age-Friendly City on December 27, 2018

V

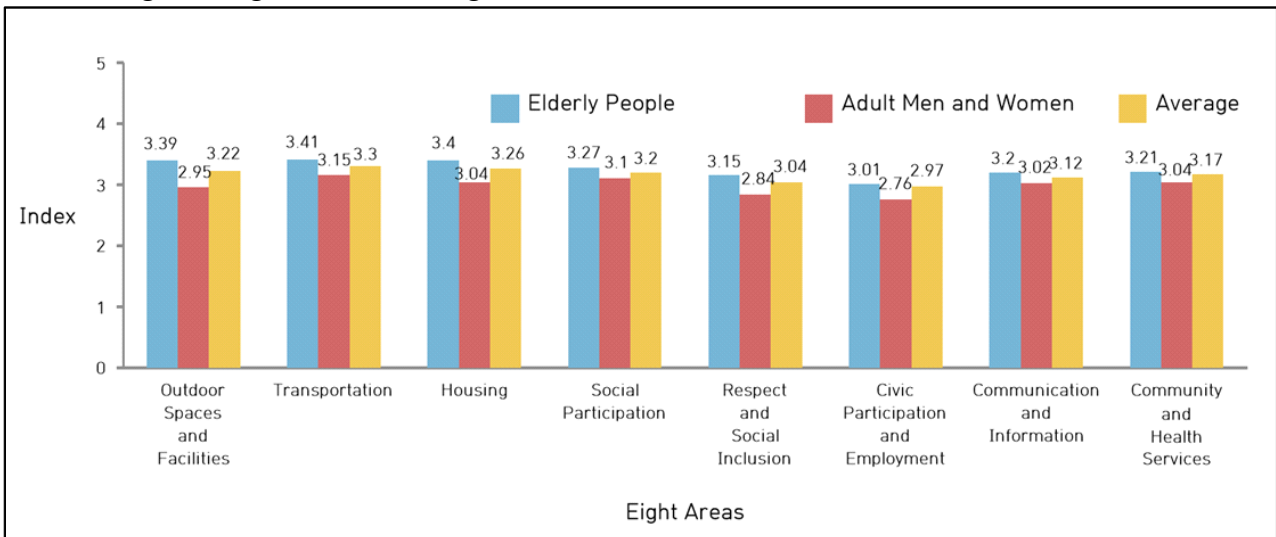

Age-Friendliness of Dobong-gu

Overview:

Dobong-gu conducted a survey on eight areas of age-friendliness index over 502 elderly people and 300 adult men and women aged 20 to 55, all who are residents in its district, and both target groups responded that they viewed 'Civic Participation and Employment' and 'Respect and Social Inclusion' as the least age-friendly areas. The local government needs to introduce remedies for the eight areas, mainly focusing on the above-referenced two areas.

● Survey on Age-Friendliness by Eight Areas

▪ Figure: Eight Areas of Age-Friendliness

▪ Age-Friendliness Index by Area

Place	Elderly People	Adult Men and Women	Average
1 st	Transportation	Transportation	Transportation
2 nd	Housing	Social Participation	Housing
3 rd	Outdoor Spaces and Buildings	Housing	Outdoor Spaces and Buildings
4 th	Social Participation	Community and Health Services	Social Participation
5 th	Community and Health Services	Communication and Information	Community and Health Services
6 th	Communication and Information	Outdoor Spaces and Buildings	Communication and Information
7 th	Respect and Social Inclusion	Respect and Social Inclusion	Respect and Social Inclusion
8 th	Civic Participation and Employment	Civic Participation and Employment	Civic Participation and Employment

- Elderly people viewed 'Transportation' as the most age-friendly area, followed by 'Housing'.
- Adult Men and Women also viewed 'Transportation' as the most age-friendly area while 'Social Participation' ranked second in the group.
- 'Transportation' and 'Housing' ranked top two areas at the overall average of the two groups.
- 'Respect and Social Inclusion' and 'Civic Participation and Employment' were the least age-friendly areas at both groups, which means that those areas require remedies.
