World Health Organization  
Global Network of Age Friendly Cities & Communities (GNAFCC)

Dear World Health Organization Admissions Officer,

This letter is a commitment from the Mayor and Council of the Corporation of the City of Temiskaming Shores as well as the local Age Friendly Community committee that it will continue to make advancements in becoming more age friendly as outlined by the World Health Organization (WHO).

Substantial progress on age friendly initiatives have been well received by community members as well as stakeholders. Mayor and Council are prepared to continue supporting endeavours as outlined in the council endorsed Age Friendly Plan. We agree with the WHO values and approach to creating age friendly environments and have allocated an annual budget to continue age friendly initiatives while recognizing the importance of a coordinated community effort to improving the ability of residents to age in place.

We look forward to continuing the process in becoming more age-friendly and we are confident in joining the GNAFCC as the next step in furthering this pursuit.

Sincerely,

Mayor Carman Kidd  
Mayor of the City of Temiskaming Shores
