

Action Plan for Age-Friendly City in Jongno

1. Establishing a Private/Public Task Force team for Age-Friendly City

- To realize an Age-Friendly City in Jongno, we are planning to construct a Private/Public Cooperative Task Force team. The team tries for people to pay attention to its plan in order to maintain its motivation.

[Figure 1] Tentative Private/Public Task Force team for Age-Friendly City in Jongno

- The role of the team as follows; Reinforcing the cooperation between private and public sphere, building up an effective administration relationship with Seoul City for Age-Friendly City in Jongno.
- The team would plan administrative tasks for Age-Friendly City in Jongno. Such as holding regular meeting in every month or three months. More meetings can be held if it is needed.
- The team consists of 5 divisions; Welfare, Medical, Infrastructure, Administration Support, and Public/private Cooperation.
- The team would also encourage local society to implement their own strategy for making themselves Age-Friendly. And by reinforcing the private/public cooperation, the team would try to find ways to support it.
