▌ In order to build an age-friendly city, Tongyeong-si adopted the vision of "Tongyeong, a 100-year-old city that everybody wishes to live lifetime, a land of the sea" based on the analysis of the top eight areas of the WHO guidelines and citizens' opinions, and developed the 1st basic plan for an Age-Friendly City.

- Vision: Tongyeong, a 100-year-old city that everybody wishes to live lifetime, a land of the sea

- Goal: An age-friendly city fun and happy to live

- Three main tasks: (1) Build a convenient and safe infrastructure, (2) create a community fun and happy to live, and (3) provide an energetic and healthy retirement life for the residents

- Time frame: from 2021 to 2023

- Projects: 3 main tasks / 8 areas / 66 strategic projects (as of 2023)

Project status by the areas of the 1st Tongyeong City Age-Friendly City

(Unit: count)

8 Areas	Number of projects		
	2021	2022	2023
Age-Friendly Housing	6	6	5
Age-Friendly Transportation	10	10	10
Safety and age-friendly facilities	9	8	8
Age-friendly communication and information services	6	5	5
Participation in community activities	11	11	10
Age-friendly respect and consideration	10	8	7
Resource Access and Job Support fot the Seniors	7	7	7
Age-Friendly Community Welfare and Health Services	11	12	14
Total	70	67	66

▌ The 1st Basic Plan of Tongyeong-si for an Age-Friendly City was highly praised for continuous and systematic review, modification, and supplementation of the projects through annual evaluation and planning.

▌ In addition, it is found that each of the 8 areas contains policies of which effects can be directly felt by not only vulnerable seniors but all seniors as well as other Tongyeong-si citizens. .

▌ However, the FGI's and surveys found that a number of projects need revisions to better reflect the needs of Tongyeong-si citizens.

▎ Conducted a matrix analysis (IPA) based on the results of a Delphi survey on experts.

 ● Analyzed the importance of each project and the need for improvement by project using IPA (Importance-Performance Analysis) for 35 projects of the 1st basic plan.

① **Projects need of consideration for expansion**

▎ 9 projects that needs expansion

 ● Projects that need to be expanded are those in the fourth quadrant of the IPA analysis. The sub-projects that needs expansion are as follows
