3. Performance Indicators

- Performance of each project will be evaluated by three methods
- Individual project evaluation (quantitative + internal)
 - Evaluation criteria utilize four criteria: achieved, in progress, insufficient, and adjusted

Criteria for evaluation by project

Classification	Details
Achieved (●)	target performance achieved by more than 100%
Progress (€)	Progressing on project to achieve goals
Insufficient (()	Project which has not been promoted or is deemed difficult to proceed
Modification (▷)	Replacing the targeted performance

Evaluation by department (qualitative + internal)

- Evaluation by Department for Project uses 'Management by Object(MBO)' method
- Evaluation of Project Objectives and Objectives for the implementation year according to the Annual Plan for the Age-Friendly City
- Reflect On evaluation areas, such as the fidelity of the contents of the plan for creating an Age-friendly city, appropriateness of the implementation process, achievement of goals, and the participation and satisfaction of local residents

Criteria for Evaluation by Department for Project

Evaluation		Performance Indicators	Score
	Connectivity	· Relation to the Basic plan for a low birth rate and aging society	7
Planning	Objective project selection	· Similarity to or overlap with other projects	6
	Administration and Finance Plan	· Enactment of project-related ordinances, budgeting, and etc.	7
	Input /Output	· Appropriate performance index calculation and budget input	10
Implementation	Procedure	· Appropriate implementation plan execution procedure (including implementation of changes)	10
	Monitoring	· Adequate monitoring of project implementation	10
	Achievement of target performance	· Achievement of target performance (target level)	10
Goal Achievement	Budget execution (% of the plan)	· Budget execution rate against plan	10
	Excellence in Performance	· Creation of Age—friendly environment and the necessity to continue	10
Participation	Private sector participation and cooperation	Efforts to encourage participation and to collect opinions of the residents / public-private cooperation	7
and satisfaction of local residents	Contributions	Contribution to establishing age-friendly environment and creating an cooperative atmosphere	7
	Local Residents satisfaction	· Satisfaction of residents, including the elderly, on projects	6
Total			100

■ Policy evaluation (qualitative + external)

- Policy evaluation will be carried out by a survey on citizens and elderly, using WHO checklist.
- Response will be measured in 5 point Likert scale
- Evaluation will be carried out biannually to track long term trends
