

Dr. John Beard
Director Ageing and Life Course
World Health Organization

Jaca, February 7th, 2023

Dear Mr. Beard:

The City of Jaca has decided to apply to the Global Network of Age-Friendly Cities and Communities. I am therefore pleased to proceed, by this letter, to to finalize the application process on behalf of Jaca.

We have carried out and completed a diagnosis of our city and an action plan, as established in the Vancouver Guide, with the participation of the elderly as fundamental protagonists in the project.

In the same way, I would like to express our interest in this project, for what it means, for the scope of its actions, for the importance in improving the living conditions not only of the elderly, but also for the rest of the citizenship. And also for what it means in terms of exchange and collaboration between cities and communities around the world, offering the opportunity to enrich our communities with the experience of others.

Jaca is convinced that it will learn from all these experiences, that our city will improve its quality of life and, most importantly, that the elderly will have the opportunity to be part of the process and thus contribute to their own benefit and therefore, to that of our Municipality.

Sincerely,

Juan Manuel Ramón Ipas
