

Paju City' s Action plan for Age-Friendly City

1. Vision, Goals, and Strategic Tasks for an Age-Friendly City in Paju

1) Vision for an Age-Friendly Paju

- In alignment with WHO's eight domains of age-friendliness, Paju City has established its vision as: "An Age-Friendly City Built Together by Citizens, A Greater Paju!"

2) Mission for an Age-Friendly Paju

- Realizing a Sustainable Age-Friendly City!
- A Mobile & Connected Age-Friendly Paju!
- An Inclusive and Communicative Age-Friendly City for All Citizens!
 - Paju's mission reflects the goal of ensuring a healthy and active aging society that remains sustainable
 - The city aims to promote active and productive aging through outreach services and integrated, customized connections.
 - Paju seeks to foster a harmonious and respectful community where all generations coexist.

3) Goals for an Age-Friendly City

- To concretize its vision, Paju City has set key goals based on WHO's eight age-friendly domains:
 1. A Pleasant Environment
 2. Social Inclusion
 3. An Active Living Environment
 4. Stable Employment Opportunities
 5. Convenient Information Access
 6. A Wellness-Oriented Community
 7. A Safe and Supportive Housing Environment
 8. A Universal Design-Based Infrastructure

4) Goals for an Age-Friendly City

- Based on Paju City's vision and goals, the following strategic directions will be pursued.
 - Expanding a Safe and Pleasant Urban Environment
 - External Environment and Facilities
 - Building an Inclusive and Integrated Community
 - Social Respect and Inclusion
 - Creating a Healthy and Active Living Environment
 - Social Participation
 - Ensuring Stable and Vibrant Employment for Seniors
 - Social Participation and Employment
 - Enhancing Information Accessibility for an Active Life
 - Communication and Information
 - Providing Wellness-Oriented Community Care
 - Community Care
 - Establishing an All-Care Network for Safe Housing
 - Housing Facilities
 - Developing Universal Design Infrastructure for Transportation Accessibility
 - Transportation

5) Classification by WHO's 8 Domains According to the Vision and Goals of an Age-Friendly City

- "Pleasant Environment" → External Environment and Facilities
- "Realization of Social Inclusion" → Social Participation
- "Active Living Environment" → Social Respect and Inclusion
- "Stable Employment" → Social Participation and Employment
- "Convenient Information Access" → Communication and Information
- "Wellness-Oriented Community" → Health and Community Care
- "Safe Housing Environment" → Housing Facilities
- "Universal Design-Based Infrastructure" → Transportation

2. Implementation Direction for Age-Friendly City Projects

1) Paju City's Vision for an Age-Friendly City

- Establishes fundamental guidelines to efficiently promote senior welfare policies, aiming to enhance elderly well-being and implement an age-friendly city.
- Selects and implements comprehensive and concrete projects for the development of an age-friendly city in Paju.
- Focuses not only on senior-specific welfare projects but also on initiatives that integrate all generations, fostering a sustainable and desirable city for all.

2) Ensuring the Sustainability of Age-Friendly Initiatives in Paju

- To enhance the completeness of the basic plan for an age-friendly city, securing sustainability is essential by ensuring active citizen participation and the seamless execution of projects across all eight WHO domains.

3) Structural Connectivity with WHO's Eight Domains of Age-Friendliness

- The eight domains of the WHO Age-Friendly Cities framework are interrelated rather than independent. Therefore, an integrated and organic connection must be established between each domain to ensure a holistic approach.

4) Interdepartmental Collaboration for Implementing Age-Friendly Projects

- The successful implementation of Paju City's age-friendly initiatives requires strong collaboration across departments.
- Departments must work together to continuously enhance the city's age-friendliness by selecting and executing key projects that contribute to this goal.

3. Overview of Age-Friendly City Projects by Domain in Paju City
