	Domestic production	Exports	Imports
Year (latest available)	2006	2006	2006
Quantity (specify product and unit; e.g. millions of cigarettes)	143140	29,875	manufactured cigarettes 921277 millions of cigarettes leaves 1197586 (kgs) Cigars 14633 USD Other (tobacco raw materials) 2673.3 USD

Note: licit supply = domestic production + (imports - exports)

- (b) Please provide information regarding duty-free sales volumes, if available. [Help](#)

6.05 million cigarettes and cigars

- (c) Seizures of illicit tobacco (ref. **Article 15.4(a)**) in accordance with **Article 15.5**) [Help](#)

³⁵ Definitions to be provided by the Parties.

³⁶ Parties should provide definition for youth smoking; e.g. at least one cigarette in the past 30 days.

	Year (latest available)	Quantity seized (specify unit, e.g., millions of pieces)
Cigarettes	2006	52
Other tobacco products (optional; please specify product) :		

- (d) Please provide information regarding illicit or smuggled tobacco (optional) (ref. **Article 15.4(a)** in accordance with **Article 15.5**). [Help](#)

1. It is stated in the Article 13 of the Law on Tobacco Control that in case of violation of the legislation on Tobacco Control including the issues on smuggled tobacco, the appropriate administrative penalties and fines shall be taken.

2. In addition to the above, violation of the Article 6 of the Law on tobacco has been demonstrated in the field such as one citizen imported 10000 cigarettes and another individual has imported 486 kgs of leaf tobacco through Mongolian Custom's Office. According to the Article 6.2 of the Law on Tobacco Control 2005, 'the State Administrative Body in charge of customs will determine the quantity of tobacco products permitted for import for personal use. In this connection, Director's order No. 24 of the General Custom's Office was endorsed in 13 January, 2006 which is allowed to import/export of up to 200 cigarettes, 50 cigars/leaves and 250 grams of unpacked tobacco for personal use.

4. **Taxation** [Help](#)

- (a) Please provide your rates of taxation for tobacco products for all levels of government, and be as specific as possible (specify the type of tax: excise, VAT or sales, import duties) (ref. **Article 6.3**). [Help](#)

The Parliament of Mongolia adopted revised version of the Law on Taxation in 2004 and enforced from 1st January, 2005. Excise tax for tobacco products increased 100 percent in 2005 as compared to 2002, thus 0.60 USD is charged per every 100 cigarettes/cigars, 0.30 USD per 1 kilogramm leaf tobacco.

- (b) Please attach the relevant documentation (ref. **Article 6.3**). (Please provide documentation in one of the six official languages, if available.) [Help](#)
- (c) Please provide retail prices for the three most popular brands of domestic and imported tobacco products in your jurisdiction, and the relevant year (ref. **Article 6.2(a)**). [Help](#)

Domestic products: 1 pack of Altran navchis is 350-400 MNT or 30 cent (Mongol tamkhi

Co Co.Ltd) and 1 pack of Ulaan Shonkhor 450-500 MNT or 40 cent (Mongol tamkhi Co Co. Ltd.)
 Imported products: 1 pack of LD costs 500-600 MNT or 50-60 cent, Parliament costs 1200 MNT or 1 USD, This 1000 MNT or 90 cent and West 800 MNT or 75 cent
 Rate of USD against MNT is 1USD:1166 MNT

5. Legislative, executive, administrative and other measures [Help](#)

i. Core questions [Help](#)

It should be noted that the measures identified below are not exhaustive, but reflect the spirit and intent of the Convention.

Please check yes or no. For affirmative answers, you are asked to attach a brief summary and the relevant documentation. (Please provide documentation in one of the six official languages, if available.)

Article	Pursuant to Article 21.1(a) , have you adopted and implemented legislative, executive, administrative and/or other measures on:	Yes (please attach a brief summary and relevant documentation)	No	
Price and tax measures to reduce the demand for tobacco				
6.2(b)	Prohibiting or restricting sales to and/or importations by international travellers of tax- and duty-free tobacco products?	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No	
Protection from exposure to tobacco smoke		Full/Partial/None

The Government has conducted analysis on the reflection of FCTC principles in tobacco control legislation of Mongolia and determined future needs in 2006</p> <p>2. MHPHA has conducted analysis on FCTC implementation in Mongolia in 2006</p>	<input checked="" type="checkbox"/>

7. Technical and financial assistance [Help](#)

The goal of this section is to assist the Secretariat in facilitating the coordination of available skills and resources with identified needs.

Pursuant to **Article 21.1(c)**, have you either provided or received financial or technical assistance (be it through unilateral, bilateral, regional, subregional or other multilateral channels, including relevant regional and international intergovernmental organizations and financial and development institutions) for the development and strengthening of multisectoral comprehensive tobacco control programmes of developing country Parties and Parties with economies in transition in any of the following areas:

	Assistance provided (please give details below)	Assistance received (please give details below)
Development, transfer and acquisition of technology, knowledge, skills, capacity and expertise related to tobacco control? (Article 22.1(a))	<input checked="" type="checkbox"/> Yes / <input type="checkbox"/> No	<input checked="" type="checkbox"/> Yes / <input type="checkbox"/> No

Provision of technical, scientific, legal and other expertise to establish and strengthen national tobacco control strategies, plans and programmes? (Article 22.1(b))	<input type="checkbox"/> Yes / <input checked="" type="checkbox"/> No	<input type="checkbox"/> Yes / <input checked="" type="checkbox"/> No
Appropriate training or sensitization programmes for appropriate personnel in accordance with Article 12? (Article 22.1(c))	<input type="checkbox"/> Yes / <input checked="" type="checkbox"/> No	<input type="checkbox"/> Yes / <input checked="" type="checkbox"/> No
Provision of the necessary material, equipment and supplies, as well as logistical support, for tobacco control strategies, plans and programmes? (Article 22.1(d))	<input checked="" type="checkbox"/> Yes / <input type="checkbox"/> No	<input checked="" type="checkbox"/> Yes / <input type="checkbox"/> No
Identification of methods for tobacco control, including comprehensive treatment of nicotine addiction? (Article 22.1(e))	<input checked="" type="checkbox"/> Yes / <input type="checkbox"/> No	<input checked="" type="checkbox"/> Yes / <input type="checkbox"/> No
Promotion of research to increase the affordability of comprehensive treatment of nicotine addiction? (Article 22.1(f))	<input type="checkbox"/> Yes / <input checked="" type="checkbox"/> No	<input type="checkbox"/> Yes / <input checked="" type="checkbox"/> No
Other. Specify:		
<p>Additional details:</p> <p>If you answered no to any of the above, please identify any financial or technical assistance that may be under consideration.</p> <p>Article 22.1 (b) In 2007, we will develop National Strategic Plan on Tobacco control and for this we will need technical assistance.</p> <p>Article 22.1 (c) The Government will need to conduct training on for appropriate personnel in accordance with the Article 12.</p> <p>Article 22.1 (f) Needs to conduct research on effectiveness for comprehensive treatment of nicotine addiction</p> <p>If you answered yes to any of the above, please identify the country or countries from/to which assistance was received/provided.</p> <ol style="list-style-type: none"> Article 22.1 (a) Focal point on TFI has participated in the Regional workshop on Tobacco control for focal points in 2005 and in the 1st Conference of Parties for FCTC in February 2006. Article 22.1 (d) WPRO provided Regional Action Plan on tobacco control for 2005-2009 including booklets and IEC materials on tobacco control Article 22.1 (e) The Government approved National Standards - technical specifications on the treatment of nicotine addiction and draft of manual on methods for tobacco control including comprehensive treatment of nicotine addiction has been developed 		

Pursuant to **Article 21.3**, have you either provided or received financial or technical assistance to support developing country Parties and Parties with economies in transition in meeting reporting obligations?

Assistance provided <input type="checkbox"/> Help	<input checked="" type="checkbox"/> Yes / <input type="checkbox"/> No (please give details below)	Assistance received	<input checked="" type="checkbox"/> Yes / <input type="checkbox"/> No (please give details below)
<p>Additional details:</p> <p>If you answered no to any of the above, please identify any financial or technical assistance that may be under consideration.</p> <p>If you answered yes to any of the above, please identify the country or countries from/to which assistance was received/provided.</p> <p>WHO provided financial and technical assistance to the Government of Mongolia on tobacco control and Tobacco Control activity has been identified first time as a separate programme in the workplan for the biennium 2006-2007</p>			

Have you identified any specific gaps between the resources available and the needs assessed, for the financial and technical assistance provided or received? [Help](#)

<input checked="" type="checkbox"/> Yes (please give details below)	<input type="checkbox"/> No
Additional details: There is lack of human resource capacity in local areas on tobacco control, therefore utilization of available resources (WHO fund) is inadequate	

8. Priorities for implementation of the WHO Framework Convention on Tobacco Control [Help](#)

What are the priority areas for implementation of the WHO Framework Convention on Tobacco Control in your jurisdiction? (Ref. **Article 21.1(b)**)

<ol style="list-style-type: none">1. Develop National Strategic Plan on Tobacco control and for this we will need technical assistance2. Conduct training on tobacco control for appropriate personnel including students, health professionals, teachers and peer-educators especially among schoolchildren3. Conduct survey on the prevalence of tobacco use among population including youth and females on a regular basis (once in 3-5 years) and develop and implement evidence-based measures on tobacco control4. Strengthen capacity building on tobacco control at the national and local levels including training and training materials/programmes/plans5. Improve exchange of information with other COP and neighbouring countries6. Improve supply of materials necessary for treatment of nicotine addiction7. Expand advocacy campaign for policy and decision makers8. Intensify IEC for public/community9. Improve enforcement of FCTC and tobacco control legislation
--

What, if any, are the constraints or barriers you have encountered in implementing the Convention? (ref. **Article 21.1(b)**)

1. Ministry of Health of Mongolia has developed 6 kinds of picture health warning on tobacco package in 2006. These picture health warnings should be reflected in the National Standards-technical specifications of cigarettes. Ministry of Health in collaboration with Ministries and agencies have been developed draft for revised National Standards-Technical specifications on cigarettes with picture health warnings. However it faced opposition from tobacco industry and some technical committee members which resulted in the postponing of these standards for unknown period of time. Thus, in the future, it is need to expand and strenghten advocacy to officials of both policy and technical levels of related Minsitries and Agencies on tobacco control.
2. Violation of Articles related to tobacco advertising, sponsorship and promotion is common. Thus enforcement of Law on tobacco control is needed to be improved.
3. Existing administrative penalties and fines are not influential to restrict advertising, sponsorship and promotion
4. Tobacco industry has becoming more powerful and playing important role for lobbying in political and business areas
5. Lack of knowledge and attitude on tobacco control among decision makers as well as policy makers including even officials in the health sector
6. Lack of role play from health workers including professionals on tobacco control
7. Lack of trained trainers (teachers/educators) on tobacco control topics addressed to children and adolescents

9. Additional comments [Help](#)

Please provide any relevant information not covered elsewhere that you feel is important.

Age groups defined for 10- year periods, thus it classified as 15-24, 25-34, 35-44, 45-54 and 55-64 subgroups to the question 3 of the report. The prevalences of daily smokers and occasional smokers were taken against whole population of that particular age.

Secretariat: Question 2a) Demographics: Year 2005 (Year Statistic Book, NSO 2006)

10. Questionnaire feedback

- (a) Please provide feedback for improvement of the Group 1 questionnaire. [Help](#)

No difficulties

- (b) Please provide input for the future development of the Group 2 questionnaire.
