

GYTS Objectives

The Global Youth Tobacco Survey (GYTS), a component of the Global Tobacco Surveillance System (GTSS), is a global standard for systematically monitoring youth tobacco use (smoking and smokeless) and tracking key tobacco control indicators.

GYTS is a cross-sectional, nationally representative school-based survey of students in grades associated with ages 13 to 15 years. GYTS uses a standard core questionnaire, sample design, and data collection protocol. It assists countries in fulfilling their obligations under the World Health Organization (WHO) Framework Convention on Tobacco Control (FCTC) to generate comparable data within and across countries. WHO has developed MPOWER, a technical package of selected demand reduction measures contained in the WHO FCTC:

- Monitor tobacco use & prevention policies**
- Protect people from tobacco smoke**
- Offer help to quit tobacco use**
- Warn about the dangers of tobacco**
- Enforce bans on tobacco advertising, promotion, & sponsorship**
- Raise taxes on tobacco**

GYTS Methodology

GYTS uses a global standardized methodology that includes a two-stage sample design with schools selected with a probability proportional to enrollment size. The classes within selected schools are chosen randomly and all students in selected classes are eligible to participate in the survey. The survey uses a standard core questionnaire with a set of optional questions that countries can adapt to measure and track key tobacco control indicators. The questionnaire covers the following topics: tobacco use (smoking and smokeless), cessation, secondhand smoke (SHS), pro- and anti-tobacco media and advertising, access to and availability of tobacco products, and knowledge and attitudes regarding tobacco use. The questionnaire is self-administered; using scannable paper-based bubble sheets, it is anonymous to ensure confidentiality.

In Brunei Darussalam, GYTS was conducted in 2019 by the Ministry of Health. The overall response rate was 67.7%. A total of 2,674 eligible students in grades 7 – 12 completed the survey, of which 1,549 were aged 13-15 years. Data are reported for students aged 13-15 years.

GYTS Highlights

TOBACCO USE

- 9.2% of students, 14.1% of boys, and 3.9% of girls currently used any tobacco products.
- 8.4% of students, 12.8% of boys, and 3.7% of girls currently smoked tobacco.
- 6.1% of students, 9.6% of boys, and 2.2% of girls currently smoked cigarettes.
- 1.2% of students, 2.1% of boys, and 0.3% of girls currently used smokeless tobacco.

ELECTRONIC CIGARETTES

- 13.3% of students, 19.0% of boys, and 7.1% of girls currently used electronic cigarettes.

CESSATION

- Almost 8 in 10 (78.6%) students who currently smoke tobacco tried to stop smoking in the past 12 months.
- More than 7 in 10 (72.5%) students who currently smoke tobacco wanted to stop smoking now.

SECONDHAND SMOKE

- 35.2% of students were exposed to tobacco smoke at home.
- 52.0% of students were exposed to tobacco smoke inside enclosed public places.

ACCESS & AVAILABILITY

- 45.2% of students who currently smoke cigarettes bought cigarettes from a store, shop, street vendor, or supplier's house.
- Among students who currently smoke cigarettes who tried to buy cigarettes, 62.8% were not prevented from buying them because of their age.

MEDIA

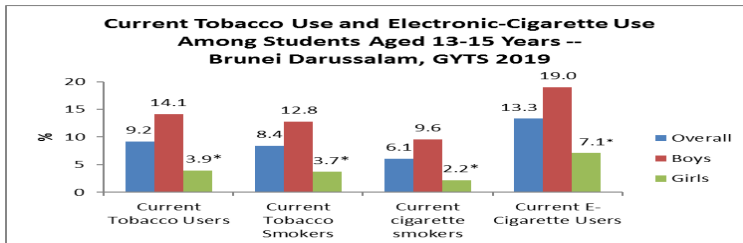

- Almost 6 in 10 (55.2%) students noticed anti-tobacco messages in the media.
- Almost 2 in 10 (19.6%) students noticed tobacco advertisements or promotions when visiting points of sale.
- Almost 1 in 10 (6.3%) students had something with a tobacco brand logo on it.

KNOWLEDGE & ATTITUDES

- 80.6% of students definitely thought other people's tobacco smoking is harmful to them.
- 91.5% of students favored prohibiting smoking inside enclosed public places.

TOBACCO USE

ANY TOBACCO USE (<i>smoked and/or smokeless</i>)	OVERALL (%)	BOYS (%)	GIRLS (%)
Current tobacco users ¹	9.2	14.1	3.9*
Ever tobacco users ²	22.9	32.0	13.0*
SMOKED TOBACCO			
Current tobacco smokers ³	8.4	12.8	3.7*
Current cigarette smokers ⁴	6.1	9.6	2.2*
Current smokers of other tobacco ⁵	3.3	4.6	1.7*
Ever tobacco smokers ⁶	21.5	30.2	12.0*
Ever cigarette smokers ⁷	18.8	26.9	10.0*
Ever smokers of other tobacco ⁸	8.2	11.0	5.1*
SMOKELESS TOBACCO			
Current smokeless tobacco users ⁹	1.2	2.1	0.3*
SUSCEPTIBILITY			
Never tobacco users susceptible to tobacco use in the future ¹⁰	14.8	18.2	11.7*
Never tobacco smokers who thought they might enjoy smoking a cigarette ¹¹	4.2	5.6	3.0

ELECTRONIC CIGARETTES

	OVERALL (%)	BOYS (%)	GIRLS (%)
Current electronic cigarette users ¹²	13.3	19.0	7.1*
Current electronic cigarette users who wanted to stop smoking now	63.1	61.0	69.3
Students' ease in getting electronic cigarettes	8.9	10.5	7.3*
Students who think that using electronic cigarettes is not safer than cigarettes	66.2	58.3	74.9*
Students who thought other people's electronic cigarettes using is harmful to them	77.8	69.5	87.0*

CESSATION

	OVERALL (%)	BOYS (%)	GIRLS (%)
Current tobacco smokers who tried to stop smoking in the past 12 months	78.6	80.1	--
Current tobacco smokers who wanted to stop smoking now	72.5	72.2	--
Current tobacco smokers who thought they would be able to stop smoking if they wanted to	92.5	92.4	--
Current tobacco smokers who have ever received help/advice from a program or professional to stop smoking	47.6	50.7	--

SECONDHAND SMOKE

	OVERALL (%)	BOYS (%)	GIRLS (%)
Exposure to tobacco smoke at home ¹³	35.2	35.7	34.8
Exposure to tobacco smoke inside any enclosed public place ¹³	52.0	53.8	50.2
Exposure to tobacco smoke at any outdoor public place ¹³	52.4	54.3	50.2
Students who saw anyone smoking inside the school building or outside on school property ¹⁴	44.0	48.1	39.6*

ACCESS & AVAILABILITY

	OVERALL (%)	BOYS (%)	GIRLS (%)
Current cigarette smokers who bought cigarettes from a store, shop, street vendor, or supplier's house ¹⁵	45.2	45.8	--
Current cigarette smokers who were not prevented from buying cigarettes because of their age ¹⁶	62.8	59.0	--
Current cigarette smokers who bought cigarettes as individual sticks ¹⁷	7.5	5.9	--

MEDIA

TOBACCO ADVERTISING	OVERALL (%)	BOYS (%)	GIRLS (%)
Students who noticed tobacco advertisements or promotions at points of sale ¹⁸	19.6	21.2	18.0
Students who saw anyone using tobacco on television, videos, or movies ¹⁹	64.8	67.9	61.3*
