

UV radiation can cause skin irritation and damage your eyes.

Cleaning your hands with alcohol-based hand rub or washing your hands with soap and water are the most effective ways to remove virus.

FACT:

Ultra-violet (UV) lamps should not be used to disinfect hands or other areas of your skin

The COVID-19 virus can be transmitted in any climate, including areas with hot and humid weather.

The best way to protect yourself against COVID-19 is by maintaining physical distance of at least 1 metre from others and frequently cleaning your hands. By doing this you eliminate viruses that may be on your hands and avoid infection that could occur by then touching your eyes, mouth, and nose.

FACT:
COVID-19 can be transmitted in areas with hot and humid climates

FACT:

You can catch COVID-19, no matter how sunny or hot the weather is.

Countries with hot weather have reported cases of COVID-19.

To protect yourself, make sure you clean your hands frequently and thoroughly and avoid touching your eyes, mouth, and nose .

Exposing yourself to the sun or to temperatures higher than 25C degrees DOES NOT prevent nor cure the COVID-19

While several drug trials are ongoing, there is currently no proof that hydroxychloroquine or any other drug can cure or prevent COVID-19.

The misuse of hydroxychloroquine can cause serious side effects and illness and even lead to death.

WHO is coordinating efforts to develop and evaluate medicines to treat COVID-19.

FACT:

There are currently no drugs licensed for the treatment or prevention of COVID-19

Do not under any circumstance spray or introduce bleach or any other disinfectant into your body. These substances can be poisonous if ingested and cause irritation and damage to your skin and eyes.

Bleach and disinfectant should be used carefully to disinfect surfaces only.

Remember to keep chlorine (bleach) and other disinfectants out of the reach of children.

FACT:

Spraying or introducing bleach or another disinfectant into your body **WILL NOT** protect you against covid-19 and can be dangerous
