

GNPR 2016-2017: School health and nutrition (q11) Programme d'Amélioration de la Qualité, de l'Équité et de la Transparence - Monitoring children's growth in schools - School age children (SAC)

Programme: GNPR 2016-2017: School health and nutrition (q11) Programme d'Amélioration de la Qualité, de l'Équité et de la Transparence

Programme Data

Programme Description

These programmes and actions were reported by countries for the 2nd WHO Global Nutrition Policy Review 2016-2017 module on actions related to school health and nutrition programmes. Programme objectives: reduce or prevent child undernutrition (stunting, wasting, micronutrient deficiencies); reduce or prevent childhood overweight or obesity; foster healthy diet and lifestyle habits; educate children and improve knowledge about healthy diet and lifestyle habits; improve children's skills (e.g. cooking, food hygiene); improve school enrolment; improve school attendance; improve academic performance; tackle health inequalities; reduce food insecurity and hunger; support the agriculture sector by creating farm to school linkages (e.g. cereals, milk, fruit and vegetables supply). Components of the school health and nutrition programme include: provision of school meals/school feeding programme; school fruit and vegetable scheme; school milk scheme; deworming; nutrition education included in school curriculum; physical education in school curriculum; monitoring of children's growth; safe drinking water available free of charge; adequate sanitation and hygiene facilities in schools; school gardens.
