

## Vision 2030

**Published by:**

Government of Zambia

**Is the policy document adopted?:**

Yes

**Country(ies):**

Zambia

**Date:**

2006

**Published year:**

2006

**Adopted year:**

July 2006

**Type of policy:**

Multisectoral development plan with nutrition components

## Vision 2030

### Goals

**Goals, objectives or targets related to nutrition:**
**Agriculture:**

An efficient, competitive, sustainable and export-led agriculture sector that assures food security and increased income by 2030

**Nutrition:**

A well nourished and healthy population by 2030

### Strategies

**Strategies and activities related to nutrition:**
**Nutrition:**

- i. Develop and/or advocate policies and programmes that will ensure food and nutrition security, food quality and safety at individual household, community and national level;
- ii. Prevent and control specific macro and micronutrient deficiencies and promote appropriate diets and lifestyles throughout all stages of human life;
- iii. Strengthen nutrition care practices for vulnerable groups, including young children, adolescents, women in the reproductive age, and HIV/AIDS infected, and those affected by non-communicable diseases like diabetes, hypertension, coronary heart diseases, and cancer;
- iv. Develop and sustain human resource capacity in the nutrition sector to meet the growing nutrition demands; and
- v. Establish and maintain an efficient institutional arrangement and strong nutritional networks

**Gender:**

- iv. Facilitate and ensure appropriate health services to, and protection of women during pregnancy, confinement and post natal period as well as adequate nutrition

### M&E Indicators

**M&E Indicators related to nutrition:**

- i. Reduce the under-five mortality rate from the current 168 to 50 per 1000 live births by 2030;
