WHO-PQT eCTD FAQ Document

This document will be updated regularly in response to questions received. At various times, advice in this document may then be incorporated into a guidance document and removed from the document.

Question 1 - How to submit information or correspondence not strictly related to an application or application response?

The ePQS Portal does allow the submission of documents outside of the application process. Each user and each Organisation (Account) has access via the portal to a folder where miscellaneous information can be uploaded.
