

**WHO Prequalification Programme**  
**WHO PUBLIC ASSESSMENT REPORT (WHOPAR)**

**[RH070 trade name]\***

Ethinylestradiol/levonorgestrel 30 µg/150 µg tablets

[RH070 trade name], manufactured at Laboratorios Leon Farma SA, Villaquilambre, Leon 24193, Spain, was included in the WHO list of prequalified medicinal products for female contraception on 21 April 2020.

[RH070 trade name] is indicated in women for contraception and it may also protect women against gynaecological conditions. Detailed information on the use of this product is described in the summary of product characteristics (SmPC), which can be found in this WHOPAR.

The active pharmaceutical ingredients of [RH070 trade name] are ethinylestradiol and levonorgestrel, two types of female sex hormones, oestrogen and progestogen.

The efficacy and safety of ethinylestradiol and levonorgestrel are well established based on extensive clinical experience in female contraception.

For details on the uses of this product and for side effects and warnings, see Part 4 of this WHOPAR (summary of product characteristics).

On the basis of data submitted and public information on the use of [RH070 trade name] for contraception, the team of assessors advised that [RH070 trade name] is of acceptable quality, efficacy and safety to allow inclusion of [RH070 trade name] in the list of prequalified medicinal products.

**Summary of prequalification status for [RH070 trade name]:**

The table shows the status of relevant completed activities, including the dates of WHO internal quality assurance.
