WHO Prequalification Programme
WHO PUBLIC ASSESSMENT REPORT (WHOPAR)

[RH083 trade name][*]

International Nonproprietary Names (INN) /strength/pharmaceutical form:
Oxytocin 10 IU/mL solution for injection

Abstract

[RH083 trade name], manufactured at Steril-Gene Life Sciences (P) Ltd, Villianur Commune, Puducherry, India was included in the WHO list of prequalified products for facilitating reproductive health on 14 October 2019.

[RH083 trade name] is indicated for the management of labour, prevention and treatment of postpartum haemorrhage and for the management of complications of pregnancy. Detailed information on the use of this product is described in the summary of product characteristics (SmPC), which can be found in this WHOPAR.

The active pharmaceutical ingredient (API) of [RH083 trade name] is oxytocin. The API is well established and documented for the management of labour and complications of pregnancy.

The efficacy and safety profile of [RH083 trade name] has been established on the basis of extensive clinical experience in women for the indicated conditions.

For details on the uses of this product and for side effects and warnings, see Part 4 of this WHOPAR (summary of product characteristics).

On the basis of data submitted and public information on the use of oxytocin for women in reproductive health indications, the team of assessors advised that [RH083 trade name] is of acceptable quality, efficacy and safety to allow inclusion of [RH083 trade name] in the list of prequalified medicinal products.
