5th Annual Inter-Country Technical Meeting of the EU- Luxembourg-WHO UHC Partnership

21-23 March 2017
Brussels, Belgium

This year marks the 5th Year Anniversary of the EU-Luxembourg-WHO UHC Partnership, an unique programme with a global ambition promoting policy dialogue on national health planning, health financing and effective development cooperation. The UHC Partnership operates in about 30 target countries, with the goal of supporting the achievement of universal health coverage (UHC) by 2030, as part of the Sustainable Development Goals.

From 21-23 March 2017, Ministers of Health representatives, development organizations, decision-makers, European institutions representatives, Luxembourg's Ministry of Foreign Affairs, WHO officials from the three levels of the Organization, academia and donors convened to celebrate achievements, collectively share experiences on challenges and ruminate on innovative solutions at country level with the aim of jointly moving the UHC agenda forward.

The three-day meeting addressed critical health systems issues in the context of UHC and the SDGs: the close connection between resilient health systems and security in particular in fragile states; the implementation and monitoring of the SDGs at country level and how this can positively impact different health areas i.e. investment in health workforce; the importance of genuine and strong partnerships at global and at country level to improve aid-effectiveness; and the relevance of a Health-in-All-policies approach involving all sectors to respond to shifting health needs.

This report contains a set of live drawings by Drawnalism's Alex Hughes, who captured the essence of the three-day meeting in a total of 32 cartoons.

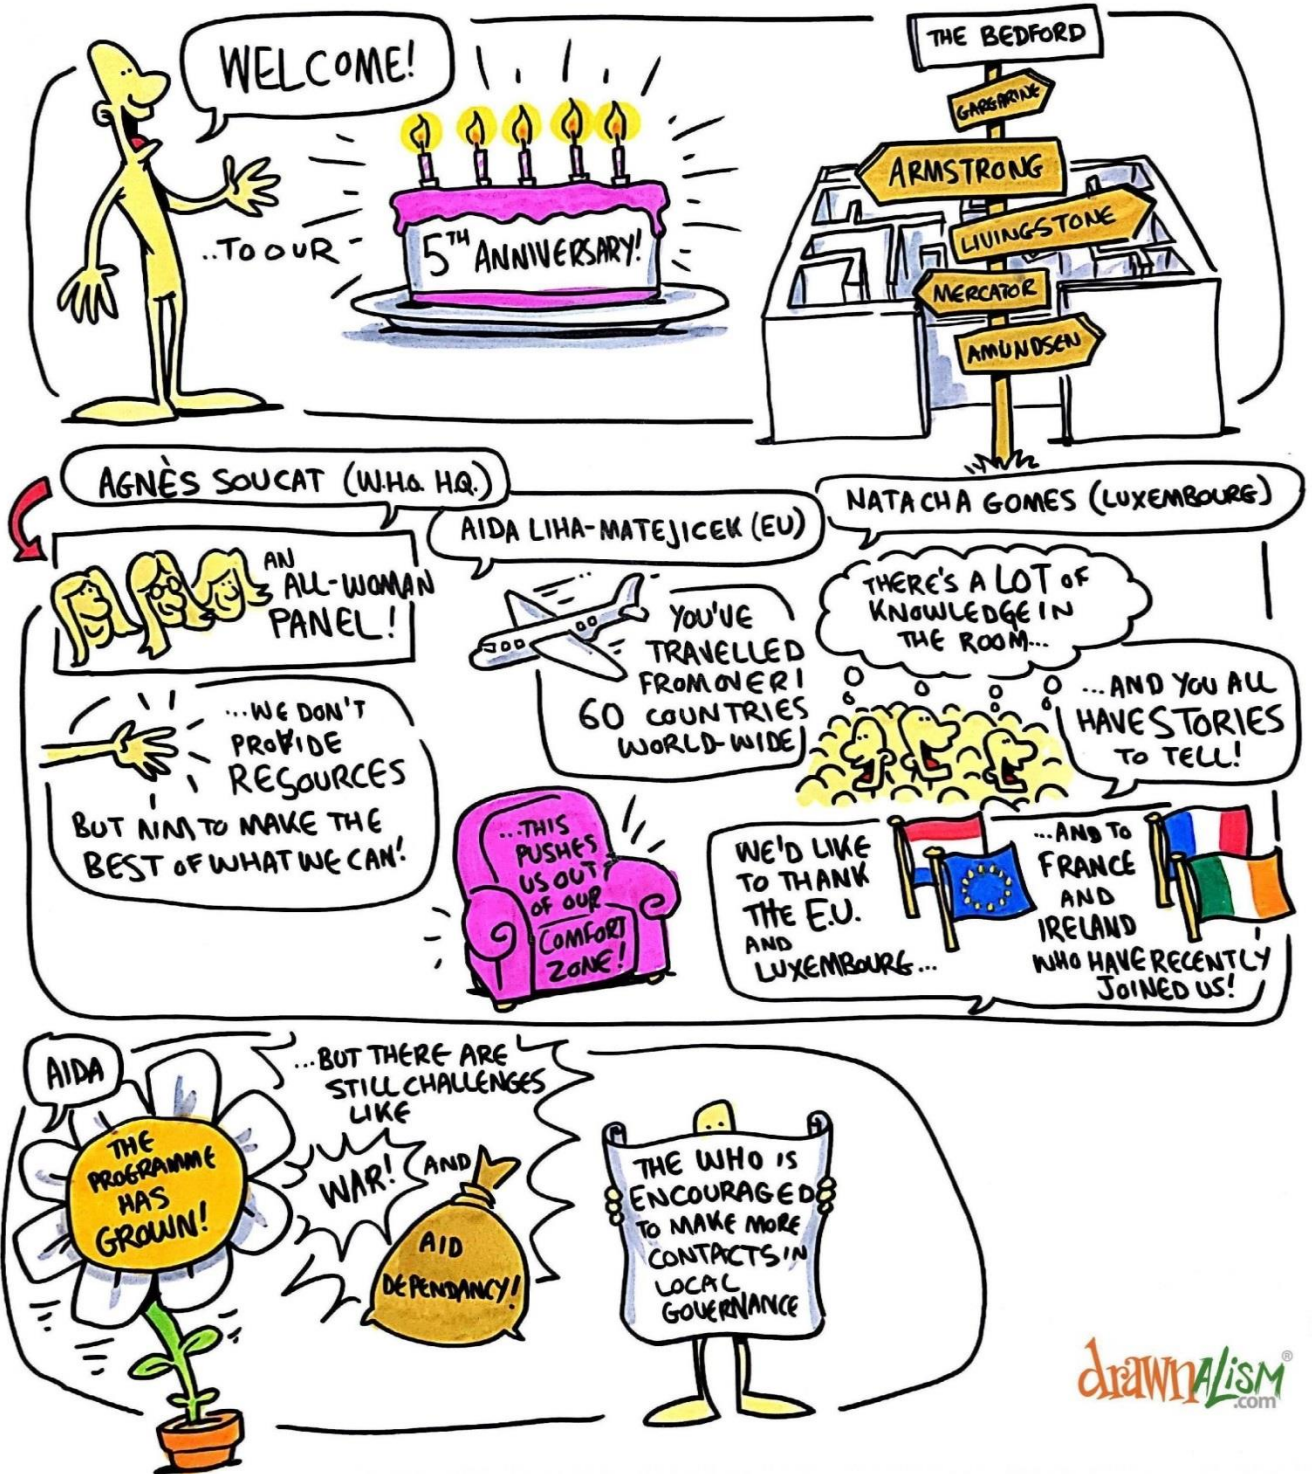

More information on the content discussed during the 5th annual gathering in Brussels can be obtained from the meeting report available on the [UHC Partnership website](#).

WE'VE BEEN DISCUSSING A WIDE RANGE OF TOPICS!

DENIS PORIGNON (WHO)

TODAY, WE START WITH A MOVIE!

THIS AFTERNOON WE WILL HAVE A 'SOCIAL LAB'!

... SOME QUESTION HAVE PUT OUR SPEAKERS IN THE HOT SEAT!

EFFECTIVE DEVELOPMENT COOPERATION:
ALIGNMENT & HARMONISATION - WALKING THE TALK

A FEW YEARS AGO I ARRIVED IN KYRGYZSTAN ... AND IT ALL LOOKED SIMPLE...

BUT... I FOUND MYSELF ON A NUMBER OF BOARDS...

JARNA HABICHT, KYRGYZSTAN

... AND IT'S THE SAME IN OTHER COUNTRIES IN THE REGION (LIKE TAJIKSTAN) ... AND BEYOND!

... THERE WERE A LARGE NUMBER OF UN BODIES IN THE COUNTRY...

EXAMPLE 1:

TRANSPARENCY

WE MOVED FUNDING FROM INFECTIOUS DISEASES TO NON-COMMUNICABLE DISEASES

BUT WE HAVE THE PRESCRIPTION ... AND A NUMBER OF TOOLS!

THREE TOPICS

1. GOVERNANCE
2. TOOLS
3. TRUST

... BUT LONGER WORK-GROUPS!

... BUT SHORTER PLENARY..

I WANT TO TAKE THIS BACK TO KYRGYZSTAN WITH ME!

THE WHO IS A TECHNICAL EXPERT

WE WILL LOOK AT MULTIPLE CASES

WE CHOOSE THE SAMPLE COUNTRY FROM A RANGE OF CRITERIA

PARTNERSHIP THEORY 101

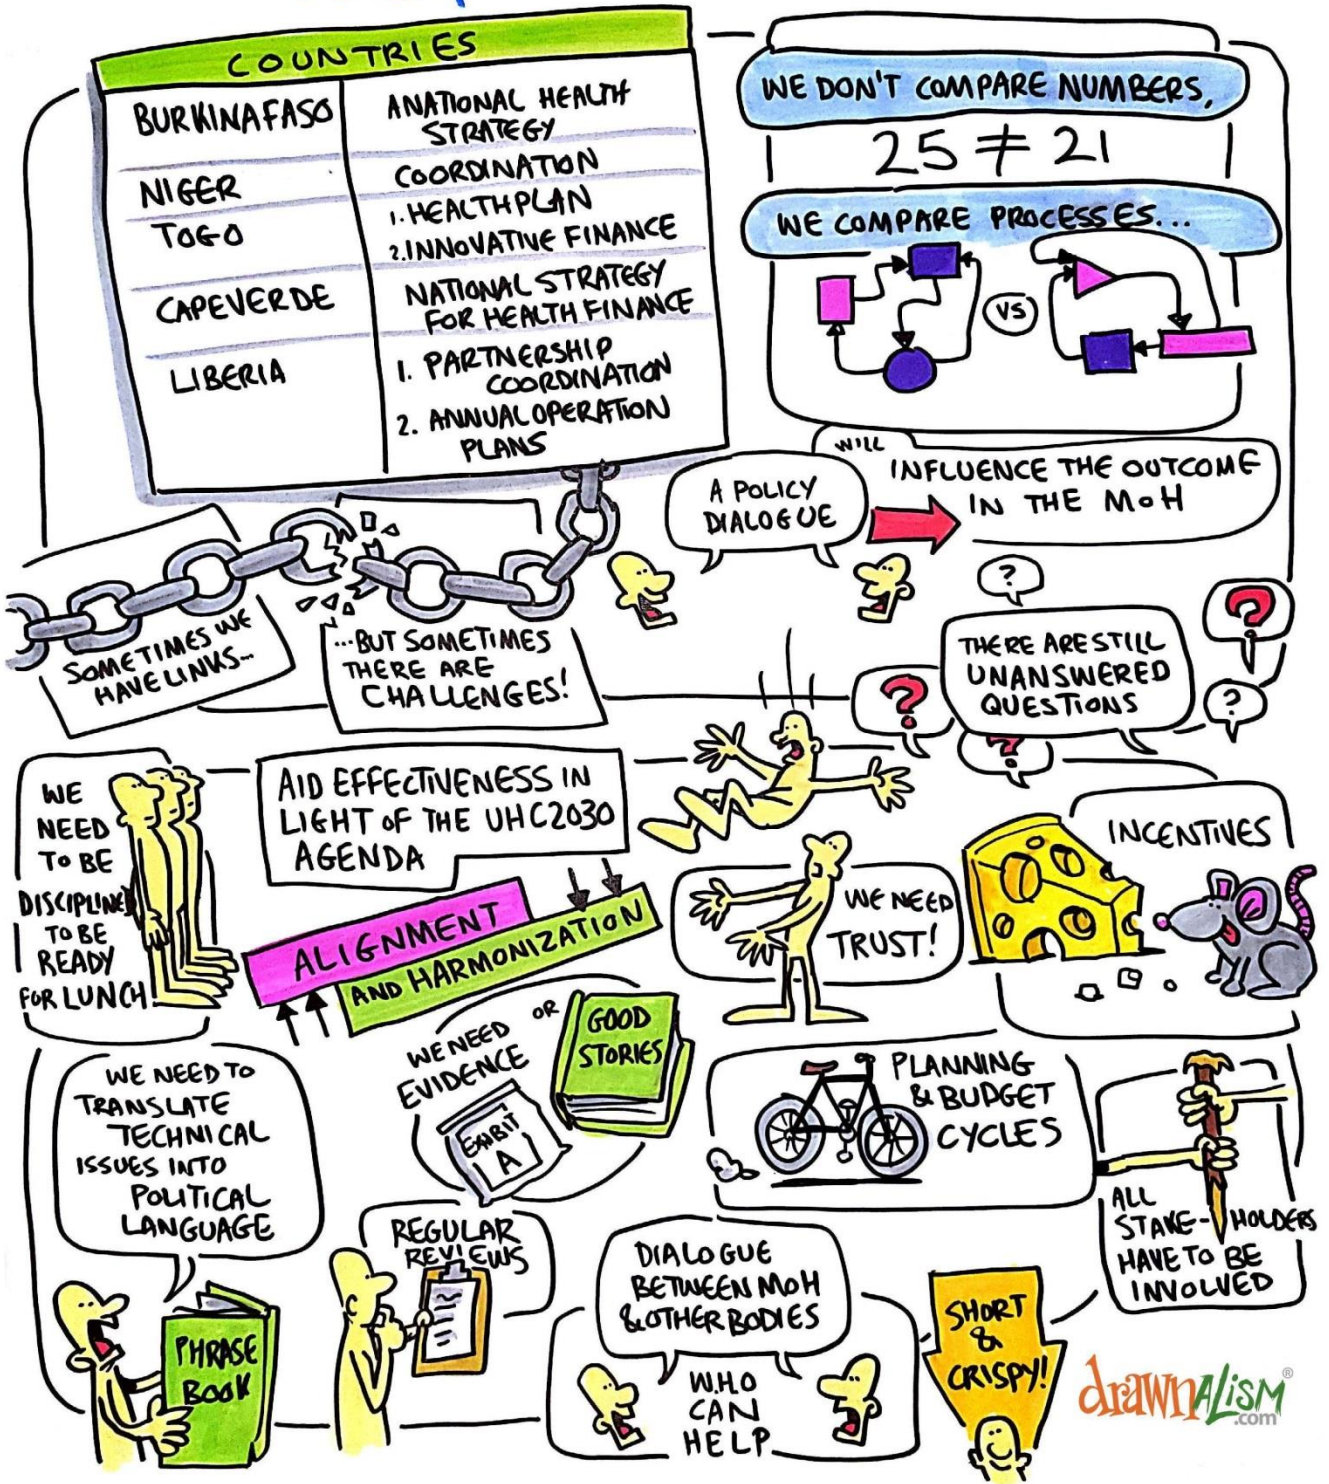

- WHAT IS THE OBJECT OF THE PARTNERSHIP?
- WHAT DOES THE WHO DO?
- FOR WHAT GOAL?
- WHAT DOES SUCH SUPPORT entail?
- WHAT IS THE OUTCOME OF WHO'S SUPPORT?
- WHAT IS EXPECTED FROM SUCH A POLICY DIALOGUE?
- WHAT ARE THE CONTEXTUAL INFLUENCES?

EVERY COUNTRY WILL HAVE A RANGE OF STAKEHOLDERS THAT WE WILL INTERVIEW
